MESSAGE FROM THE CEO

We take pride in being one of the engineering and contracting firms in Pakistan having achieved growth since our inception and contributing to the development of Pakistan. The Company has attained an important status in the field of engineering through competence, competitiveness and timely delivery with highest quality standards and recognized safety performance. We have a tradition of serving our valued customers to their complete satisfaction through efficient management and excellent workmanship, which we continue to maintain with our untiring efforts.

In an era of advanced technologies and new techniques, we continuously strive for innovation and enhanced efficiency.

Offering services spanning a wide range of engineering fields in Power Generation, HVAC systems, Fabrication, R.O. installation and industrial and civil infrastructure, ANZ Alliance (Pvt). Ltd is the preferred choice of many clients because of its reliability and commitment to quality and safety.

As we look to the years ahead we renew our pledge to remain committed to excellence, keep abreast of changes and innovations, adopt better management and Engineering techniques and successfully overcome all challenges before us.

Syed Nusrat Jamil
Chief Executive Officer

MISSION, VISION & VALUES

- Our vision is to focus on engineering activities of industry to benefit society. We are committed to achieving business and financial success while leaving a positive imprint on industry & environment.

OUR VISION

- Our mission is to be Pakistan's leading engineering company focused on customer satisfaction. We seek to produce increased financial rewards and provide opportunities for growth and enrichment to customers, employees, striving for honesty, reliability and integrity with the customer.

OUR MISSION

- Our values guide the way we work with our business partners, within our industries, colleagues, communities and each other. Through our values, we have created a company culture where ideas can blossom, people can thrive and success can flourish.

OUR VALUES

COMPANY OVERVIEW

- **ANZ Alliance (Pvt.) Ltd.** Is a group of professional engineers providing services in the field of engineering & installations of industrial equipment established in 2002 and work started by the name of Alliance Engineering all over Pakistan. The professionals were working independently before forming the present company.
- **ANZ Alliance (Pvt.) Ltd.** Has experience in delivering high quality services to enable clients to meet the growth, challenges, quality and safety with new technological standards.
- Our business is built on reputation and reliability, whilst meeting and exceeding our client's expectations, with our employees having knowledge, great technical ability and experience of working in a wide range of industries, we can also minimize your routine costs and fulfill your requirements.
- Our success has enabled us to expand into different fields. We are able to offer a complete range of services for all types of industrial and commercial projects.

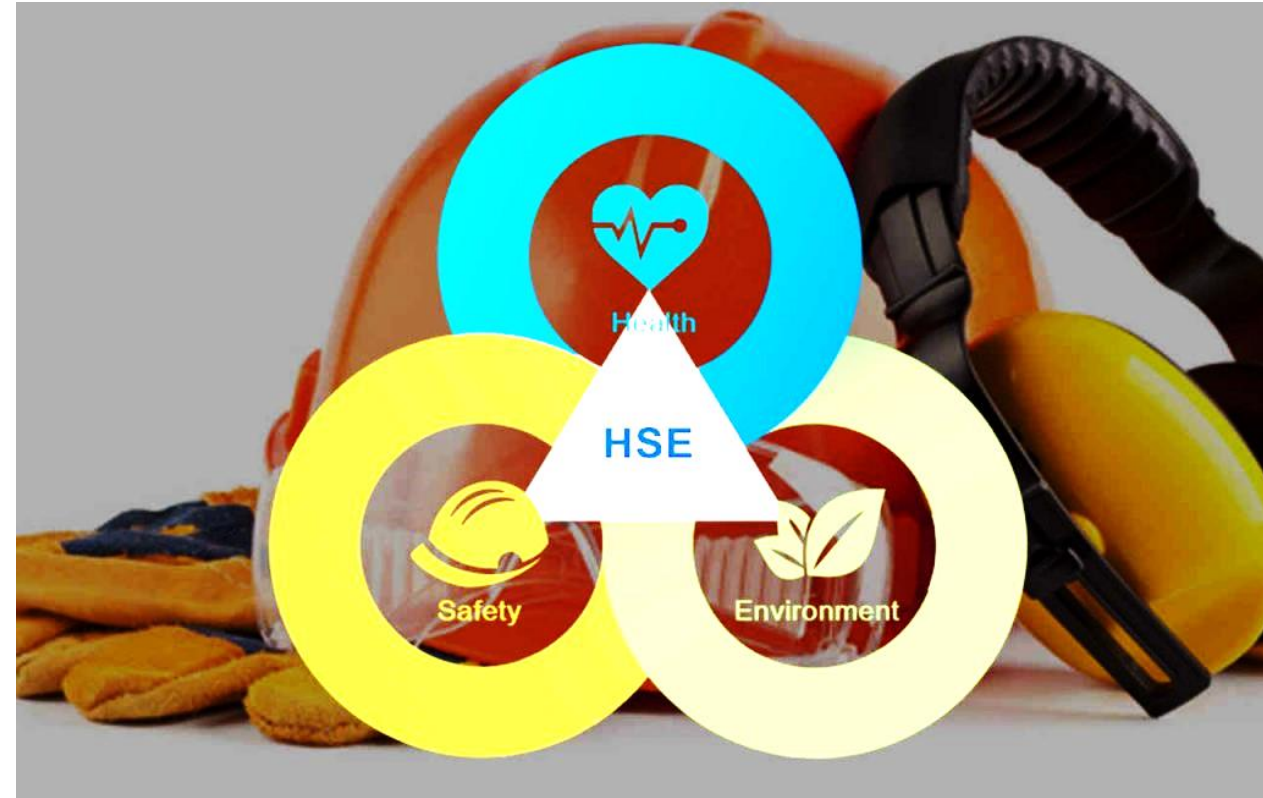

QHSE POLICY

HEALTH SAFETY & ENVIRONMENT

ANZ Alliance maintains and implements safety and health programs on all job sites. With ongoing training, support, planning and supervising our team is committed to a safe working environment. We take all action necessary to follow and execute a ZERO INJURIES Safety Motto.

ANZ Alliance Safety Coordinator directs our safety program supporting project managers, project foreman and works through out each job. Safety Coordinator complies with federal, state and/local requirements and regulations as well as all provisions of the Occupational Safety and Health Act (OSHA).

ANZ Alliance is committed to a safe work environment for our workers and takes action to implement the ZERO INJURIES safety program every day on every job.

QHSE POLICY

MECHANICAL / ELECTRICAL HAZARDS

- Slips, trips, and fall Hazards
- Fire Hazards
- Short Circuits
- Overhead Power Lines
- Work at Height
- Fabrication Hazards
- Moving Machines Injury
- Working With Electrical Equipment
- Working in confined Space
- Physical Hazards
- Chemical Hazards

How we Do safety...

- **Communicate** to prevent accidents.
- **Promote teamwork** and give everyone the opportunity to exchange ideas.

CORE VALUES

Our six values are at the heart of everything we do; they guide our decisions and behaviors.

- **Safety**

Safety is our first and our most important value; from our people, clients and the communities we work in, to the integrity of the assets and facilities we build, maintain and run.

- **Ethics**

Aspire to the highest standards of ethical behavior. This means doing the right thing for our clients, employees, communities and the environment in which we operate.

- **Innovative**

It's one's nature to think differently, from the commercial to the technical, we seek out new ways to add value.

- **Responsive**

Quick to respond when challenges arise and do everything in a right a way to settle the concern.

- **Quality and cost conscious**

we work to optimize value for our clients, without compromising quality and integrity.

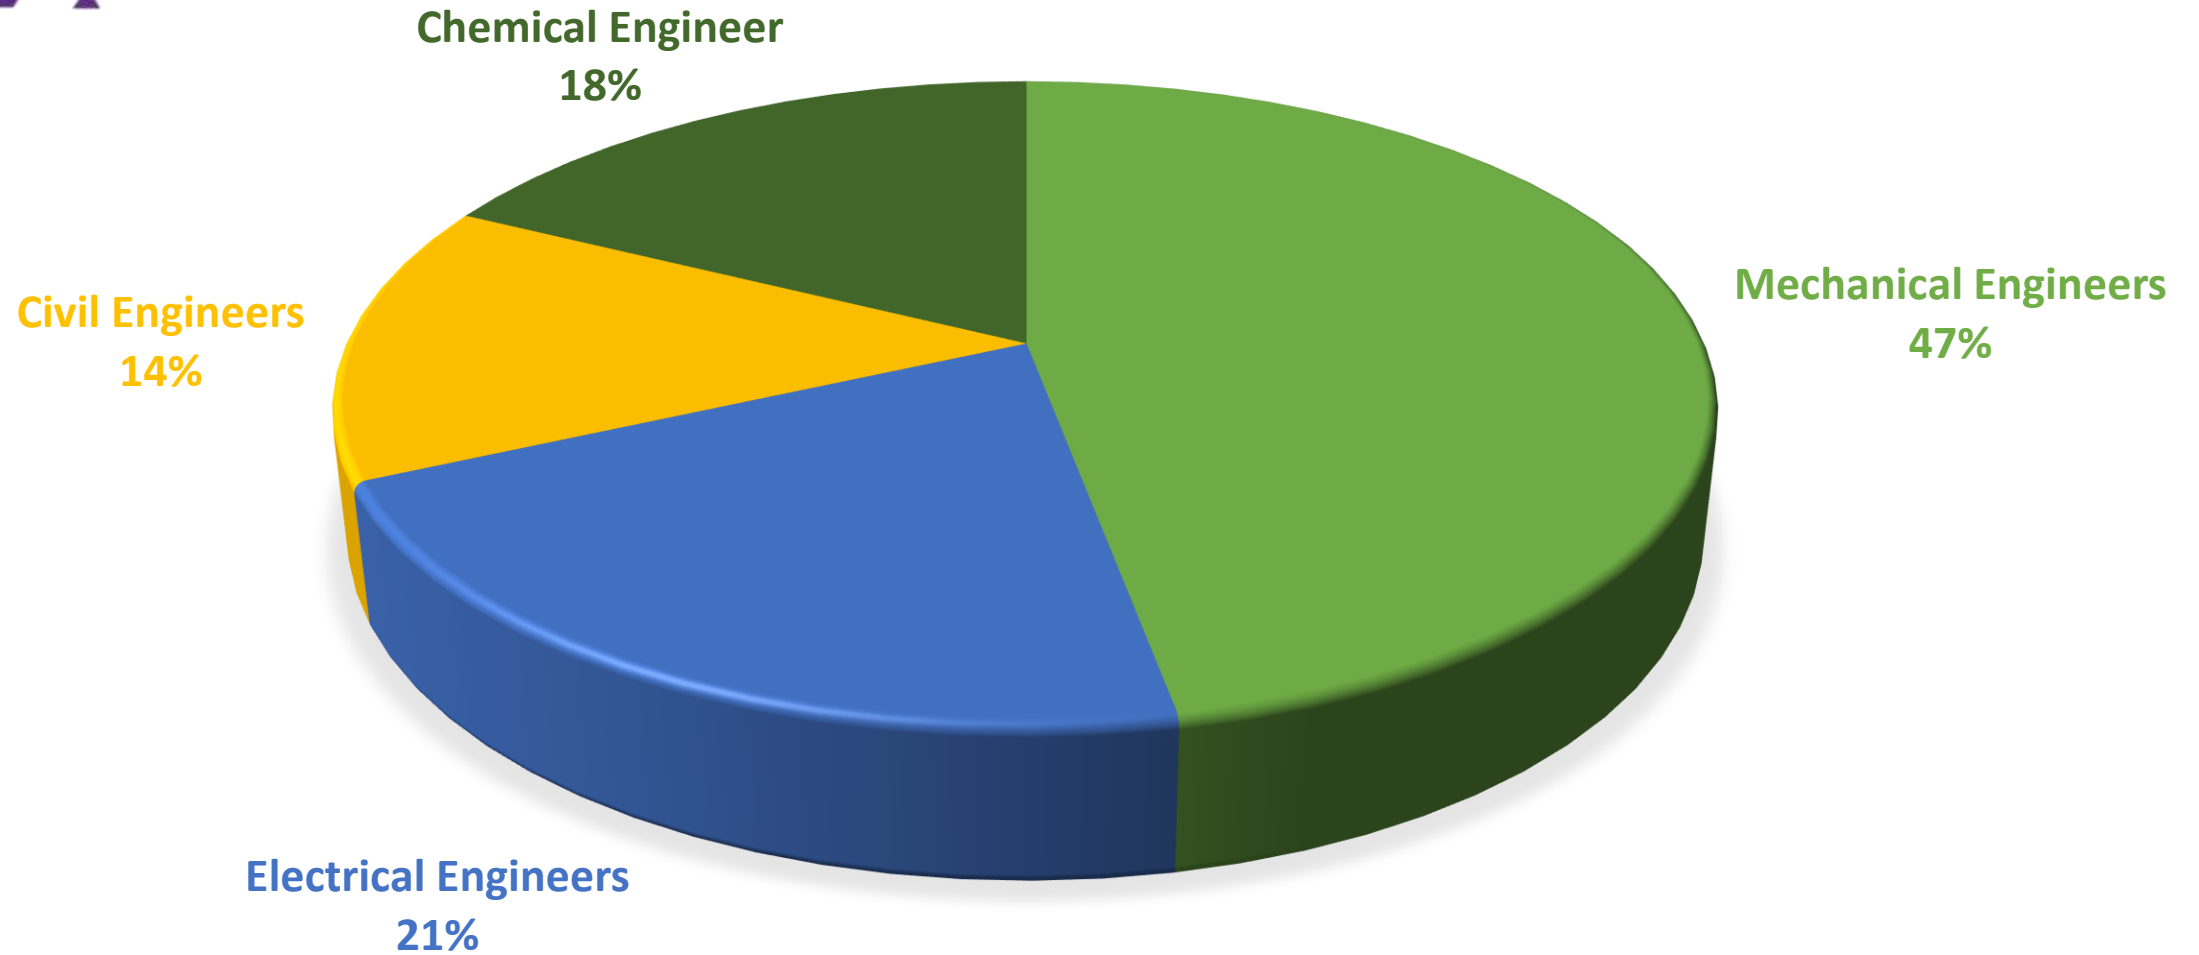

- **Driven to deliver**

we have a relentless focus on delivery and meet our clients' expectations.

OUR TEAM

OUR SERVICES

MECHANICAL WORKS

- Industrial Power Plants
- Industrial Water Treatment Plants
- Solar PV Module
- Heat Ventilation & Air Conditioning System
- Fire Suppression Systems
- Designing Services
- Mechanism Transportation of Material
- Fabrication & Erection of Structures
- RO Plant / Deionization Plant

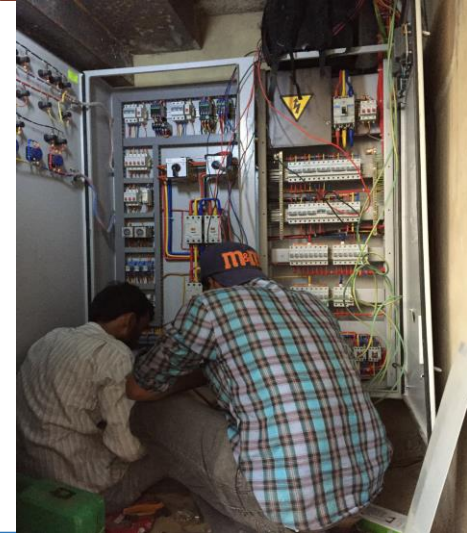

OUR SERVICES

ELECTRICAL SYSTEMS

- ANZ alliance provide complete installation of power house, cabling, control wiring, electrical panels installation & commissioning, earthing emergency power, UPS / central battery, voice / data communication, TV, security systems like CCTV surveillance system, access control system, public address system, building management system (BMS), fire alarm system, surge protection system, and lightning protection system., Solar power systems.

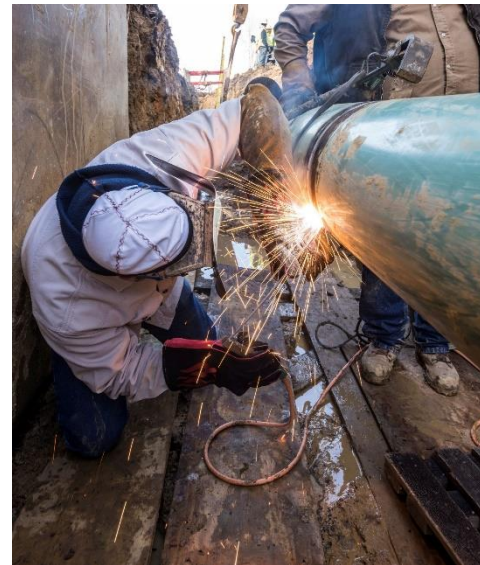

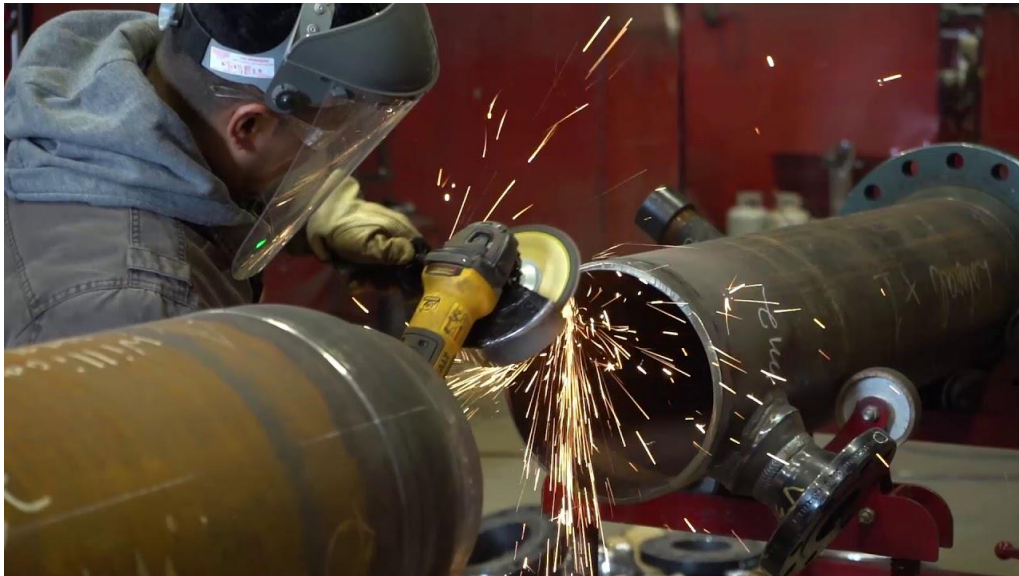

- Communication Systems
- Building Management Systems
- CCTV System
